- Load by profile provided, for lowest risk, please check if **lot exponent is set to 1.1**, (Set and choose the profile you like, **T.A.Y.O.R**, Try at your own risk)

2. All EA will be provided FREE or has been paid upfront for partners, do not abuse by switching broker just to get the EA, with that you may continue to use that EA at your own risk, the EA is tagged to run well only with FBS broker through partnership program. **Why?** To have similar results, it is best to follow with my guidance, i cannot control your discipline on lotsize as the EA will be yours to keep.
3. Loyal clients with higher deposits will continue to get higher % of profits EA and systems by demand with proof of growth, I do not sell EA, it is friendship through relationship we are here for, from the partnership program, I do know who are depositing and gaining steadily by supporting me.
4. and for VVIP, by invites only, in private partner channel, best EA needs about USD\$2450 minimum startup capital, deposit to FBS Standard Account 1:500, a one-time deposit of \$450, the account will be for opening of **FBS VPS (London Server)** and the strategy will hit 3 lots minimum VPS requirement, thereby FBS VPS will be FREE. 6. As members grows, more systems will be dropped in open group chat @Flexea including EA that is seemed reasonable, but they are not as profitable with the partnership program, so please do sign up if you need a better EA, guide and assistance. -----Important Message to all ProfipipsHunter FBS Partners and Leader-----

[Forwarded from yusrezal@gmail.com]

ProfipipsGoal 2019 New Year EA resolution plan for FBS Partners and Leaders Program and I quote this EA(s) below as example;

AF Global/ProfipipsHunter Scalper/WG Aggressor EA standard account goals:

ROI is 80-100% for 1.5mths \$1000 with starting capital, each for 2 standard accounts, see my proof from monthly results in the open chat group channel.

1. 01 x FBS VPS max out MT4 terminal is 16:

- 2 become 4 1.5mth
- 4 become 8 1.5mth
- 8 become 16 1.5mth
- ----- 4.5mth

- a. FBS opening of account per type maximum is 10, so if 10 standard account is max out, you can use cent or ECN for the the rest of the 6 accounts, so total MT4 terminal goal is 16/\$1k each per account.

- b. If all goes well, with 16 accounts, 6th months onward, monthly withdrawal from all 16 accounts total is \$10,000/mthly for \$2000 invested which includes free FBS VPS as 3 lots criteria monthly is met.
 - c. I can see this plan achievable for 2019, so guys if not now when? I am at my 10th standard account already, and for FBS user you can speed up monthly ROI by setting up FBS Copytrade for standard account and promoting the link in your own circle, and I also provide rebates for loyal members.
 - d. Do like what i did and share with your family, relative, friends and even strangers with your FBS Partners portfolio achieved.
2. Wishing everyone a fruitful experience for joining this open group chat, do send me feedback, will reply soon.
